

# Techlahoma Foundation

*Enrich Oklahoma's technologists of all backgrounds through education, connection, and opportunity*

## Press Release

### **Techlahoma Foundation uses Inasmuch Foundation Grant to improve it's upcoming conference, 200OK**

Oklahoma, 5/3/22 – The Techlahoma Foundation, a non-profit organization dedicated to enriching the lives of current and future technologists, today announced it has been selected to receive a \$25,000 grant through the Inasmuch Foundation. This donation will enable the Techlahoma Foundation to increase their infrastructure and improve outreach, as well as help with their upcoming 200OK Conference.

“Since I started with Techlahoma, we have always wanted to put more time and effort into our programming. With this grant acceptance, we now can spend more time on improving our programs and helping current and future technologists in Oklahoma,” Emily Harden, Executive Director

“Thanks to Inasmuch funding, we can help so many more people interested in tech. Not only will this allow us to help people currently in the industry, but it can assist us in providing resources to anyone who is looking to switch careers into the high-growth area of Tech,” Kendall Werts, Techlahoma Treasurer

Techlahoma's next large-scale event is 200OK. The 200OK Conference for web developers will be held at the Tulsa Central Library on June 3rd, 2022 and more information can be found at <http://200ok.us>.
